

COAL FAMINE
CONCERNS HIM.The President Prepares to
Alleviate Suffering.Asks Senator Hansbrough to
Help Prevent Repetition.Interstate Commerce Inquiry
Opens at St. Louis.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Dec. 15.—The President today sent for Senator Hansbrough, and asked him whether the actual danger of suffering by coal famine is as great as has been reported by press dispatches and telegrams from individuals. The North Dakota Senator reported that from dispatches he had received the statement of conditions in this State, Minnesota and South Dakota had not been exaggerated.

The President promised to give the question his personal attention, with a view to alleviating any immediate suffering, and said he desired Senator Hansbrough to devote his time and thoughts to devise some means to prevent occurrence again of the present situation.

WASHINGTON (D. C.) Dec. 15.—[Exclusive Dispatch.] Congress is displaying much interest in the coal shortage question, and when the holidays are over it is likely to become one of the most important matters before that body. The President may send in a special message to Congress on this subject, advocating extension of the powers of the Interstate Commerce Commission in such a way as to control and remedy coal shortage, especially of such emergencies as now exist in the Northwest, where whole communities are suffering grievously for lack of fuel.

In the railroad world there is great apprehension lest the President take such a step. It is realized by the leaders in railroading that to extend the Interstate Commerce Commission's powers in such a way as to enable it to deal with the shortage of coal, and actually to step in and see that relief was given in an emergency such as now exists in the Northwest, would mean the beginning of government operation of railroads, ending eventually with government ownership.

The present rate law gives the Interstate Commerce Commission no power as to the physical operation of the railroad property. The President has given and is giving careful consideration to the question of how to meet the coal shortage situation by legislation that will prevent a recurrence of the present trouble, and will turn this bill and the whole subject over to the Interstate Commerce Commission.

Representative Smith of Texas has introduced a bill which is understood to embody the idea of Judge S. J. Cowan, attorney for the Texas Cattle Growers' Association, which contemplates a legal requirement that railroads must furnish cars to shippers when no needed, or be subject to a penalty, and which would enable any

AOKI SAYS JAPANESE
LOVE UNITED STATES.War Between Countries Pessimists'
Dream Because America Brought
Nippon Western Civilization and
Since Has Shown Firm Friendship.

[BY THE ASSOCIATED PRESS.—A.M.]

NEW YORK, Dec. 15.—After reviewing the amicable relations long existing between the United States and Japan, Viscount Aoki, the Japanese Ambassador, tonight declared that he was fully alive to the magnitude of Japanese obligation to this country, the memory of which would be a lasting monument of the cordial friendship that cements the two nations.

Japan, he said, was large enough for the commerce of all nations, and the dream of the pessimist who saw the phantom of a struggle between the United States and Japan for the supremacy of the Pacific was too ridiculous to be made the subject of serious thought.

Ambassador Aoki was the guest of honor at the dinner of the American Asiatic Association, held at the Waldorf Astoria. Among the other guests were Percy Sanderson, British Consul-General; J. F. Shap, Chinese Consul-General in New York; Charles D. Tenny, formerly president of the University of Tien-Tsin, now director of the Chinese government students in America and England; Arthur May Knapp, editor of the Japanese Daily Advertiser, Yokohama; T. M. Lyon, counsel for the Japanese Embassy; Harold M. Sewall, a former United States Consul in Japan.

Ambassador Aoki said in part: "I am aware that the sense of this association in regard to the relations between the Japanese and the United States, which has so often found fitting expression on former occasions, is based on the recognition of the broad principle that the interests of the United States and the Empire of Japan are identical in type from that of the best of reasons exist for the more cordial friendship between the two countries."

"Historically speaking, it was the United States that rapped at the door of seclusion, within which Japan, in her ancient isolation, cherished her own science, literature and art, which were the products of a civilization entirely distinct in type from that of yours. It was the United States that, half a century ago, offered to Japan the right hand of fellowship and introduced her into the intercourse of nations, which has, in turn, brought into the empire the benefits of what is known as the western civilization. Since then, not a year has passed but has witnessed some incident that have vividly recalled to the mind of the two peoples the existence of weighty reasons which form

LITTLE BONES

Two Have, Mont, Chil-
dren Solved.

[BY THE ASSOCIATED PRESS.—P.M.] BUTTE (Mont.) Dec. 15.—A minor special from Have says the skeletons of Gertrude Hoffman, aged 9, and Mollie Hoffman, aged 12, were found yesterday in a small coulee, across the Canadian line, near their farmhouse.

The children wandered away from home and apparently from to death. At the time of their disappearance, November 6, 1905, the inhabitants turned out and helped in the search, but the mystery was not solved. It being thought at the time that the children had been abducted.

NEW YORK, Dec. 15.—[Exclusive Dispatch.] That the investigation of the Republic Oil Company of Missouri was conducted at the headquarters of the Standard Oil Company, and that the persons dealt with by him and his father were known to be representatives of that company, was the admission of Walter C. Teagle, former general manager of the Schofield, Shurmer & Teagle Company of Missouri, once the Standard's greatest competitor in the State.

NEW YORK, Dec. 15.—Proceedings brought by the State of Missouri to ouster the Standard Oil Company of Indiana, the Waters-Pierce Oil Company, from Missouri, was resumed by Commissioner Robert Anthony today. Inquiry was made into the company, which is suffering from lack of fuel, as well as lack of cars to transport grain to market.

RICH WIDOW
NOW A BRIDE.MRS. JACKSON I. CASE TAKES A
NEW HUSBAND.

Last "Lucky Man" Is John W. Dalman, Standard Oil Engineer and Arrives in Chicago Married, but Both Parties Decline to Talk.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Dec. 15.—[Exclusive Dispatch.] John W. Dalman, a mechanical engineer connected with the New York office of the Standard Oil Company, and Mrs. Henrietta M. Case, one of the wealthiest women in Wisconsin, were married somewhere between Racine and Chicago before 1 o'clock this morning.

When Mrs. Case, whose former husband was Jackson I. Case, the only son of Jerome I. Case, millionaire machine manufacturer and harness-horse fancier, left her home in Racine this morning, she was single. When she reached the Auditorium Annex at 3 o'clock, she was accompanied by Dalman, who explained the mystery, decline to do so.

Mrs. Case is well known throughout Wisconsin, and it is understood that she was with William Whipple of Detroit, from whom she was divorced. She then became Mrs. Jackson I. Case, despite the objection on the part of the bridegroom's parents.

PORTLAND IS RUNNING CARS.

Sympathetic Strike Proves of No Avail.

Police Promise Protection from Union Thugs.

Strike of Italian Seamen Stops Immigration.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND (Or.) Dec. 18.—(Exclusive Dispatch.) Early yesterday morning the Electrical Workers' Union employed by the Portland Railway, Light and Power Company, the corporation operating the trolley lines of the city, now tied up by strike, met and decided upon demands to be made upon the company, with the understanding that if they are not granted the union will strike.

A committee was named to formulate a new wage schedule and submit it to the company.

After running cars all day the company stopped its cars at dusk, fearing violence after nightfall. Little damage was reported today. A dozen windows were smashed on cars and two switches were jammed.

A light car, derailed at one of these switches and the Vancouver line was tied up on this account most of the day.

Late last night a non-union motorist, who had been warned not to take out a car, but who worked despite the warning, was pitched upon by three strike sympathizers and beaten.

To all appearances, so far as the running of street cars is concerned, the strike of motormen and conductors inaugurated last Saturday has proved futile. Today the cars are running as if nothing had happened.

The company announces that cars will be run tonight and has announced a reward of \$25 for the arrest and conviction of any person interfering with the operation of its employees. The announcement of the sympathetic strike has had no apparent effect upon that company.

LABOR BRIEFS.

Lehigh Valley Raises Pay.

ESTON (Pa.) Dec. 18.—It is reported that the Lehigh Valley Railroad Company has increased the wages of its employees in New York City to 10 to 20 per cent.

Wage Increase Given.

JOLIET (Ill.) Dec. 18.—The United States Steel Corporation announced today that the wages of its 3,000 employees in Joliet will be increased January 1. Common laborers will receive 10 cents a day additional, and the other grades will be benefited proportionately.

Italian Seamen Strike.

ROME, Dec. 18.—The general strike of seamen is causing considerable anxiety. At Genoa 25,000 emigrants are prevented from leaving for their destinations because of the strike.

Threaten Railway Strike.

NEW YORK, Dec. 18.—The difference of one cent an hour between employees and managers may cause a strike in five great railroad systems. The men affected are the 300 yard conductors, brakemen and other employees of the New York Central, the Baltimore and Ohio and the Erie.

GETS ARROGANT RESPONSE.

American Minister at Tangier Retires to Avoid Exaggeration of Unpleasant Incident.

(BY THE ASSOCIATED PRESS—P.M.)

TANGIER, Dec. 18.—Gumiere, the American Minister, in protesting today to Ben Maseur, representative of the bandit, Raisuli, against the beating of a native by bandits of Raisuli, to which Gumiere was an eyewitness, received a most arrogant response. Gumiere, thereupon, retired in order not to exaggerate the incident.

The Sultan's reply to the collective note of the Diplomatic Corps says it is his intention to suppress disorders. He regrets the abuse of authority by Raisuli, and expresses a firm desire for the execution of the reforms decided upon by the Algerian conference.

In reply to the answer of the Sultan, the Diplomatic Corps unanimously demanded Raisuli's denature.

According to a New York dispatch holders of Chl ago, Milwaukee and St. Paul stock will be permitted to subscribe for the new \$100,000,000 issue to the extent of 50 per cent. of their present holdings in preferred stock and 25 per cent. in common.

JACK OFFERS TO PAY PURSE.

O'Brien Says He Will Accept Twenty Per Cent.

Will Then Guarantee Burns's Share of Money.

McCarry Refuses, but Holds Open His Bid.

Jack O'Brien has made a proposition to Manager McCarry in which he says he will guarantee the purse of \$10,000 if the fight promoter turns over to him 10 per cent. of the gross receipts of a battle between him and Tommy Burns during the winter, but the offer has been turned down.

McCarry says he has made his offer of a purse for the fight and he intends to stick to it, win or lose. It remains open until Saturday noon, and if the fighters do not accept by then it may be all off. The probabilities are that the articles will be signed.

Burns, O'Brien and McCarry held several conferences yesterday, but they came to no closer agreement over several mooted questions than before. It appears from the business these men have together it is a settled proposition that Los Angeles will get the fight.

From the bits of light shed on the proceedings, it is not serene in these far chamber sessions. O'Brien has a way of nagging Burns into a fury, and Tommy is not slow in handling it back. O'Brien publicly complained yesterday that those in charge of the pictures for the club did not treat him fairly when he was instructed to call Burns the heavyweight champion. Jack denies Tommy's right to the title, and both men shot a little acid replete back and forth when the subject came up.

Fred Skinner has returned to Rhyolite, where he came with that of \$25,000 for the fight. Whether or not he will raise McCarry's offer cannot now be said, but few people believe he will be so instructed by his backers.

In regard to the paying qualities of a desert fight, a new story is sprung about the Goldfield venture. It was

In Friday's preliminary, as the local youngster could not be found by McCarry's agents, Kid McElroy was substituted, and, though he may be heavier than Smith, the latter has signified his willingness to take him on.

WHEN FRIENDS PALE OUT.

Jack O'Brien has fallen out with "The Lord." These two who once were the best of friends, now have become the bitterest enemies. And all this has been brought about by the fight which has been the fighting game in Los Angeles, and by the big task of fabulous purses floating about headquarters, these days.

The two got into an argument over a telephone message, and hard words were soon flowing freely as each eyed the other. "The Lord" was "called down" for several minutes, and O'Brien, as a manager, retorted by accusing O'Brien of being a poor sort of a "gentleman manager." With both Burns and O'Brien as enemies, McCarry is not in a position to take sides in the second fight. He wishes both men will be knocked out.

SURVEYING TRIP FOR HIGHWAYS.

NATIONAL THOROUGHFARE FOR AUTOMOBILES.

New York-Chicago Boulevard Is Planned on Short Cut Route—Methods of Taking Statistics With Instruments Equipped to Carry on Car—Interesting Data.

The automobile has been put to many novel uses, one of the most valuable of which is in surveying the roads. The measuring instruments used on automobiles are quite reliable and for most purposes are as satisfactory as those used on foot or by chain or pole, and in some cases quicker in operation.

In Southern California the main roads leading out from Los Angeles were thus surveyed by automobile for the mile posts and the steel road signs. This is the first place where public officials adopted the automobile in this way. The usual surveyors' instruments, but since this use of the motor car was reported through the newspapers, have been used by the automobile enthusiasts between Chicago and New York where the great national boulevard is to be built by the automobile enthusiasts and the people along the best route that can be found.

This New York to Chicago boulevard has been under discussion for

Ohio, Pennsylvania, New York and the other States crossed and cleared these gentlemen met good roads workers and inspired in many a desire to carry on this same kind of work locally, so that the automobile hereafter will be a rival of the surveyors as well as the horse and railway.

SUTTON DEFEATS HOPPE.

Winner Then Challenges Loser for Another Match at 12 Balk-line Billiards.

(BY THE ASSOCIATED PRESS.—P.M.) NEW YORK, Dec. 18.—George Sutton still holds the world's championship at 12 balk-line billiards, having tonight successfully defended the title which he won from George Sisson a few months ago, against the challenge of Willie Hoppe, who holds the world's championship at the 14.1 game, secured Sutton, 24 to 12, in a best of 25.

The contest, which took place in the Grand Central Palace, was rather disappointing, as young Hoppe did not play up to the standard expected of him. It was the favorite, but from the beginning seemed to be off in his play.

Sutton jumped into the lead at the start, and with 107 and 20 in the first two innings, secured an advantage which the younger player could not overcome.

Monstergar of this city challenged Sutton tonight for the 18.2 championship, and Sutton agreed to play him on Dec. 23 at the Grand Central Palace. Sutton also challenged Hoppe tonight for the 18.1 title, and this game will be played at Madison Square Garden three weeks after the Monstergar game.

Y.M.C.A. GYM EXERCISES.

Classes to Compete for Honors Tomorrow Evening—Young Men Practice Faithfully.

An interesting programme of gymnasium work will be rendered tomorrow evening at the Y.M.C.A. gym, at No. 323 South Spring street, when the first of the gym exhibitions planned for the winter will take place. The exhibition will be participated in by the young men's classes of the gymnasium and by the boys' evening classes, and will be open to the public. C. H. Price, physical director of the Y.M.C.A., will have charge of the programme.

The programme will include the following features: Wand exercises by the young men's class, tug-of-war by the young men's class, and a physical exercise by the evening boys' class, relay race by the young men's class.

The boys have been practicing faithfully for the event, which promises to be a success in every way. It will be followed later by others of the same character. In the relay race the distance run will be an eighth of a mile.

REFEREE NOT SETTLED.

MAY SELECT JEFFRIES.

(BY THE ASSOCIATED PRESS.—P.M.) TONOPAH (Nev.) Dec. 18.—A referee for the Gans-Herman fight will be chosen tomorrow. Gans declared today he will take no part in the discussion of choosing, but will leave it all to Riley and Lewis. Joe says any suit is his.

Gans said he thought a San Francisco man would bring the crowd from the coast, but after that suggestion refused to declare himself for any one. Lewis is holding out for Siler, but with no support from Gans, it is practically certain that Riley will name Jeffries.

ALL FAVORITES BEATEN OFF.

NOT ONE PUBLIC CHOICE WINS AT ASCOT RACES.

Great Day for Good Things. Almost Every Winner Going to Post at Sixes—Card Very Poor—Sports Have Difficult Time Guessing the Right Ones.

Form players got the bumping of their lives at the races yesterday, for not one of the six favorites won, and two of them managed to run second. One of these was a false alarm at 3 to 5. It was very much of a day for "good things" at about 6 to 1, the only one that was less than this being Miss Martha, who scored a 2-ky win at 16 to 5 by getting through next the fence and forging ahead in the last few jumps. The card was a very ordinary one, there being five cheap selling races and a purse event. It was certainly a bad day to guess "em on past performances, and the average port carried little money away. The time made was very good and probably some of those that finished first would never make the same record again. There were no features of any kind, except that the flash-in-the-pan All Black in the last race, forgoes to stop in front of the grand stand, and actually finished second at the long price of 20 to 1.

JEFFRIES MAY FEAR TO VISIT TONOPAH.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Dec. 18.—[Exclusive Dispatch.] In connection with the Tonopah fight referee, it is hinted that Jim Jeffries may not come on to the Nevada desert. When Jeff referred the Hart-Reno fight at Reno he stayed in a gambling house, so it is said, and dropped \$1000. He gave his I.O.U. for the \$1000, and has never paid it. His wife wouldn't let him, she says.

Under the Nevada laws, it is alleged, a gambling debt can be recovered "law the same as any other kind of money, and hence Jeff, so runs the tale, has never been to Nevada since. If he comes to referee the Gans-Herman bout, he may get pinched, and still the affairs of gamblers, especially in Nevada, mutate rapidly, and if they can't pick them, who can? He would be dead and forgotten months ago.

Two Picked Teams of Professionals to Furnish High-class Sport at Chutes Park.

The fans will have another opportunity next Sunday of seeing some kind of a good ball game and it should be as interesting as the one last Sunday at Chutes Park, for Frank Chance and Hal Chase are to pick the teams and play the next three Sundays.

A number of the boys who were in this road survey a thirty-hour power game have returned home and have a handy catch-all when traveling and road road workers to gravel pits, stone quarries and to inspect bridges, bad hills and narrow roadways.

On a lumber road behind the bridge, surveyors carried a trunk and suit cases and such frequently-needed things as shovel, pick, etc., which were strapped to the foot boards between the fenders. Through Illinois, Indiana,

LOU DILLON IN FOAL.

Dred to John A. McKerron and Taken to Cleveland for the Winter Season.

NEW YORK, Dec. 18.—Lou Dillon, the queen of trotters, John A. McKerron, the stallion, and four colts have just been shipped to Cleveland, O., to be entered in the winter season.

Lou Dillon is in foal to McKerron, which has a record of 2:04.4. Lou Dillon's own record is 1:54.4. The shipment to Cleveland was in order that they may be exercised more regularly than they could be here, where the thoroughfares are muddy. The four colts are yearlings owned by C. K. G. Billings. Three of the youngsters are by John A. McKerron, and the fourth is by Fred S. Wedgewood.

This is a vertical, high-contrast, black and white image. It appears to be a scan of a textured surface, possibly a book cover or a piece of wood. The image is characterized by a dark, irregular shape near the bottom, which could be a stain or a piece of tape. The overall texture is grainy and uneven, with various shades of gray and black. There are no discernible figures, objects, or text.

WIND BREEZE OF SCOTLAND.

Edinburgh School-marm Heard from.

Enthusiastic by a Foreign Teacher.

Superintendent the Man of the Day.

Far cry from Edinburgh to Los Angeles, but a fresh breeze from the Scottish marm came to the City Teachers' Institute yesterday morning, when a Scotch school marm was present at the assembled educators.

Superintendent is one of the 26 teachers from Great Britain to take part in the educational exchange program.

She is the first to

monstrous, that has ruined the handwriting of so many thousands of children, and destroyed individuality. He put the matter before the teachers in a very rosy way yesterday, but reading between the lines, it means more than he expressed. In the course of his talk he said:

"I am going to offer to the teachers of the city of Los Angeles three kinds of pen, the first, 'fine-pointed,' the second, 'blunt-pointed,' and the third, 'blunt-pointed' pen. I shall hope that none of them will choose the fine-pointed one, and few, if any, the blunt-pointed one, but they will find the blunt-pointed pen the very best for teaching beginners."

He stated that of the three systems of writing, Spencerian, penmanship and natural—he was heartily in favor of the latter.

"Public opinion," he asserted, "is greatly in favor of the natural hand and I wish we might adopt that in the city schools of Los Angeles."

"In writing, teachers must learn to be satisfied with perfection suited to the age of the pupil. You cannot make penmanship; you can only start them right."

HAND LABOR HONORABLE.

M. C. Betinger, assistant to the City Superintendent, also made a popular and entertaining talk on manual training, in which he gave the most cordial endorsement to that element in education that "teaches children to do something."

"The wonder is not that we have had some opposition to manual training," he said, "but that we have not."

OVERRELLS GIGANTIC PURCHASE HAS ARRIVED

AGGREGATING 30 CARLOADS OF STAPLE FURNITURE

Greatest Deal Ever Consumed by Any Single Retail Concern in the West

Greatest of All Furniture Sales Is Now On

This monster shipment, aggregating thirty full carloads of Furniture, bought before the recent sharp advance in prices, is here and unloading. This shipment was contracted to arrive about January 12. Its premature arrival places us in a predicament. In order to house and handle this monster shipment, we will resort to heroic measures. Carloads of these new goods have been placed on the floors at astonishing low prices—our regular stock has been sharply reduced, all to accomplish that end. Sensational selling will move the goods. Be on hand to get your share of the bargains.

McBurney's Kidney and Bladder Cure

ONE BOTTLE CURES.

Chicago, Ill., April 8, 1896.

Mr. W. F. McBurney, Los Angeles, Cal.—Dear Sir: It affords me pleasure to testify to the efficacy of your Kidney and Bladder Cure. I have been troubled with my kidneys and bladder for over four years. I have been treated by the best physicians of this city during that time. (I mention two who stand at the head of the profession, viz.: Dr. C. A. Purdy and Dr. Frank Walls, the latter being my son.) I regret to say they did me no good. I was advised to spend the winter in my glorious climate and try the ocean baths. I visited San Diego, Santa Monica and Santa Barbara, but received only temporary relief from the baths. On the night I left home I got a bottle of your medicine. The first dose did me good, and I was well when I reached home, and I can say in conclusion that I am grateful to you. If this letter is of any use to you, use it.

CAN YOU SLEEP?

If not, and you are growing nervous, despondent, and run-down, use McBurney's Kidney and Bladder Cure. They induce natural slumber, build up the nervous system, and make you look and feel years younger. 10 cents. Each Free.

The Novels of

PAUL DE KOCK

Major Frederic's remark that he had read nothing of the novel for thirty years except Paul de Kock, "now certainly made him judge," is likely to remain one of the most difficult of his testimonials. And Butler wrote of the Kock as being "more racy and powerful than any other writer I am aware of."

"The Kock has been a favorite of mine since I was a boy," says one of the most charming of our contemporary novelists, one of those whose fame will never die.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Woman Dies of Burns.

Mrs. Anna Duncan, who was burned while cooking over a gasoline stove on Sunday, died yesterday at the Emergency Hospital.

Mrs. Stockwell Dead.

Mrs. W. W. Stockwell, of No. 2419 Downey avenue, died yesterday afternoon from an abscess on the brain. She was the wife of W. W. Stockwell, clerk of the Police Court. She had been a sufferer from a wasting disease for some time.

Burglars Loot Trunk.

Two burglars entered a rooming house at No. 110 North San Pedro street last night, carried a trunk out of the house and robbed it of goods valued at \$50. Although there were a number of men in the house at the time, they did not notice the thieves.

John Gail Dead.

John Gail, aged 38, of No. 401 Court street, died early yesterday morning at the California Hospital, after a lengthy illness with typhoid fever. Gail worked for a concern on Hill street, making artificial limbs. He had been in Los Angeles only a few months, and his home was in Pittsburgh, Pa.

Harper Soreheaded.

Mayor-elect Harper was soreheaded at his home on Tuesday night, singing last evening by members of the singing society of the Turnverein-Germania, thirty-five members of which poured forth in sweet melody their joy at his election. Mr. Harper invited them into the house at the close of the concert, and they were glad.

Want Him Declared Bankrupt.

P. Videll, R. Serrano, J. R. Gillis and A. W. Lajos, creditors of Henry Daley, have filed in the Federal Court a petition that Daley be declared a bankrupt. All the parties are members of which left San Diego for parts unknown, leaving many debts and little property. The petition is prayed for to secure equitable division of what assets can be found.

Hold-up Alleged.

Andrew Hackett was sent to the Central Police Station last night, suffering from a wound over his left eye. According to Hackett, he secured \$15 change in a South Main street restaurant and was followed out of the cafe by two men. One of them struck him a vicious blow and rendered him senseless. Hackett claims that when he regained consciousness he found that his money was missing.

Has Fainting Fits.

Fay Martin, who was taken to the Receiving Hospital Monday, suffering from a fit, was sent to the County Hospital yesterday. Martin's case is peculiar. He is an electrician and it is believed that he is suffering from the effects of a wound received while serving as a volunteer in the Philippines. He is subject to fainting fits, and has been at the County Hospital before.

BREVITIES.

ENGAGEMENT ANNOUNCED.

Well-Known Author and Cousin of Princess to Wed Second Secretary of Embassy to Japan.

CHICAGO, Dec. 18.—A dispatch to the Record-Herald from Washington says:

Announcement is made here that Miss Hattie Ermine Rivers, the well-known author and cousin of Amelia Rivers, who is now the Princess Troubetzkoy of Russia, will be married to Noel Wheeler, a well-known magazine and newspaper writer, at the American Embassy at Tokio on Saturday, December 29.

Wheeler is now second secretary of the American Embassy to Japan, by the recent appointment of the President, and was confirmed by the Senate last week. The announcement was made in invitations received from Ambassador and Mrs. Wright, whose guest Miss Rivers now is at the American Embassy.

HERRESHOFF IS BURNED.

Famous Designer of American Yachts, and Two Sons, Are Victims of Naphtha Explosion.

PROVIDENCE (R. I.) Dec. 17.—Nathaniel G. Herreshoff, the famous designer of yachts which have borne the brunt of defending the America's Cup, was severely burned Sunday by the explosion of a tank of naphtha in the machinery department of the Herreshoff shops.

Two sons of Herreshoff, Sidney, 18, and Francis, aged 12, were slightly burned.

TRIAL OF VIGNES BEGINS.

Yesterday Devoted to Selection of a Jury—Deputy Sheriff Charged With Offering Bribe.

The selection of a jury to try Deputy Sheriff H. C. Vignes, who is charged with offering a bribe to Harry Carr at the primary election in August to induce him to vote fraudulently in Precinct 40, was begun in Judge Trask's court yesterday, and the whole day was consumed in this task.

Deputy District Attorney C. C. McCormack appears for the prosecution, and Vignes is defended by Fred H. Thomas.

Delayed Shipment of Christmas Bags

Yesterday there arrived the long delayed shipment of holiday bags. As the majority of these novelties of the finer, better class, especially suitable presents, we are bound to sell them before next Monday, even at a sacrifice of profits. For once, at such values in brand new bags as you'll see here to-day and such assortments—you'll not see soon again. The showing is so unusually large, so varied are the styles that we cannot even enumerate them, let alone name them. But for newness and style and down-to-earth prices, SEE THESE NEW BAGS. Every style, and every price from

50c to \$25.00

Chiffon Ruffs Up From \$2.50

Another delayed shipment came this lot of Chiffon ruffs that will have to be closed out this week. The saving is just about a third all around. There are all sizes and all grades. Some plain, others velvet dotted, plaited or narrow ribbon-finished with long ribbon ties etc. Black, white and most every color. Handsome styles at

25c, \$3, \$3.50, \$4, \$4.50, \$5, \$6, \$7 and \$8

Compare the values with the best you've ever known.

Get one for Christmas

Imagine Christmas without music? The great pleasure of the Tide is its cheerful entertaining, but the difficulty is to find just the right instrument to suit every taste. The answer is a Victor Talking Machine—bound to please everyone. It renders music of all styles—from the "Irishman" to Grand Opera. Let this be a "Victor Christmas" for your home.

Victors and other Talking Machines on a very easy monthly payments—come in and learn about it. Thousands of records here to choose from. They make splendid gifts for people who own Talking Machines.

Christmas Pianos

Special Holiday Terms. Remember that you may have a piano before Christmas we are offering terms much lower than usual, but you must see us before the end of the month in order to take advantage. A cash payment of \$10 and a balance of \$6 a month will put a new piano in your home.

Another Carload Arrived. There has been such an extraordinary demand for playing pianos. Only the other day a carload of the same carry arrived at the store and they were disposed of in 48 hours. But another carload is now being delivered and today will be on display. This lot includes several fine Piano Players. If you want a Cecilian for Christmas, we can help you.

CAR SHORTAGE MENACES OUR GREAT INDUSTRIES.

No Refrigerators to Haul the Orange Crop.

Two Hundred, Instead of Usual Two Thousand, Now on the Coast Railroad Lines—Vegetables Piling Up—Is it Armour-Harriman War?

THERE is a real shortage of Armour refrigerator cars in Southern California. Unless this shortage is rectified immediately, 3500 carloads of celery and other vegetables will be imperiled, and a great part of the citrus fruit crop of Southern California endangered. This business means from \$30,000,000 to \$40,000,000 per annum to this territory.

It is upon the Armour cars that the Southern Pacific and the Salt Lake depend entirely for the transportation of all fruit and vegetable shipments over their lines; and practically all vegetable shipments originate on Southern Pacific lines.

From 5000 to 7000 Armour refrigerators have been used in past years in handling their share of the California business. These 7000 cars appear to have dropped from sight as though dumped into the sea. Where at this time last year some 2000 Armour cars stood "at attention" on the lines of the Southern Pacific and Salt Lake, an estimate made by shipping interests yesterday places all available cars in on the Coast lines of these roads at about 200.

Whereas the vegetable shippers today are clamoring wildly for from thirty-five to fifty refrigerators daily, they are able to secure but from eight to fifteen. Immense quantities of vegetables are piling up for transportation, but there are no cars. And vegetables are not remarkable for their keeping qualities.

Investigation started by The Times and taken up on its suggestion in all parts of the United States, disproved the persistent assertions of the railroads that there is such a shortage of ordinary freight cars as claimed. The Times placed the responsibility for freight congestions where it belonged, on inadequate motive power, the truth of which has already been demonstrated in all parts of the country, as well as on the Coast.

But there is a real shortage of Armour refrigerators, and back of that shortage there is believed by those in a position to know to be the story of what may prove to be the most futile struggle of the winter. Their no less powerful czars of commerce and transportation than Armour and Harriman.

WHEN THEY MELTED. It is regarded as more than a coincidence that simultaneously with the dramatic announcement by E. H. Harriman of his intention to buy the refrigerator car business himself, Armour cars melted from sight on the Coast like an uniced shipment of overripe tomatoes.

When Mr. Harriman placed his order for 6200 refrigerator cars which were then to be taken the place of the Armour cars, the management of that great private car line said nothing. No protest was made. Their silence is now regarded as particularly ominous.

Although the car factories accepted the Harriman order for cars they did so with the knowledge that they would not be able to fill the order within two years or possibly longer. Armour himself was well aware of that fact. But he said nothing. The result is a reminder is that Armour cars appear to be shy of California. It is reported that hundreds of the old-fashioned yellow refrigerators are rusting on sidetracks away down in Florida. On reliable authority it is reported that miles of sidetracks are filled with them under the shade of the palmetto, where it is charged that they are by no means needed to handle the orange and pineapple crop of that region.

DO THEY LOCK HORNS? The question is, have Harriman and Armour locked horns in a fight? Has Armour taken advantage of his great adversary to withhold the needed supply of cars at this most critical moment? Local railway men and fruit shippers familiar with the situation, believe that this is the true solution of the mystery of the scarcity of Armour cars in this district, although mismanagement on the part of the traffic officials of the Harriman lines having charge of the movement of refrigerator cars is charged by others.

It is generally believed that it has come to a showdown between the great

GROCERS PLANNING MUTUAL INSURANCE.

RETAIL grocers of Southern California aim to establish a mutual fire insurance company of their own, and withdraw millions of dollars worth of property from old line companies, thus avoiding the great increase in cost of insurance which has come about since the San Francisco disaster.

Definite steps to this end were taken yesterday afternoon at a meeting of the Associated Secretaries of the Retail Merchants' Associations of Southern California, held in the local offices of this organization, Tajo block, First and Broadway.

The gathering represented a large percentage of the retail grocers of the southern part of the State, and the sentiment was unanimously in favor of using every available means to establish the mutual fire insurance company. To bring this about it will be necessary to secure enabling State legislation, and at yesterday's session J. E. Paulding, representative of the Los Angeles merchants, was appointed to draft the bill which will provide for the operation within California of the Merchants' Mutual Fire Insurance Company, upon deposit of a fund of a reserve fund, fully paid, of \$50,000 with the State Treasurer.

It is expected that this bill will be presented by one of the local members of the State Legislature, and a delegation of grocers will go to Sacramento, California, to urge its passage. They will be armed with facts and figures which they believe will be convincing, and will hasten the desired legislation. It was claimed at yesterday's meeting

Salt Lake there were less than seventy-five Armour cars. Some of these were in bad order, and not more than ten or twelve empties could be found, the remainder being under load. In Redlands, Riverside and San Bernardino the situation is equally gloomy. Where hundreds of cars should today be standing, awaiting movement to the packing-houses for loading with citrus fruits for the eastern markets, there are today but empty sidings. A canvass of the situation developed the fact that at Colton, that great massing point for refrigerator cars, there were but about fifty Armour cars, some twenty of which were undergoing repairs. At Riverside two Armour cars stood in the yards, and at Redlands but one, and that in bad order, although later in the day a train of twenty empties were brought in, and every car greedily gobbled up on sight.

RELIEF FAR OFF.

Reports from Harriman line connections tell of so few refrigerator cars available that even to the most sanguine, real relief seems far removed. Perhaps the most encouraging report came last night from the Chicago office of the Rock Island, which reported that it had succeeded after great difficulty in getting together a train of twenty refrigerators, which it is expected to practice its running forward to Los Angeles.

But unless other lines respond immediately in kind and to even better effect than this, it would appear that the Harriman people might be compelled to arm with their warrants and go on a still hunt for all over the United States for refrigerators.

COMPLAINT OF SHIPPERS.

It is complained by the shippers that the railways have followed a shortsighted policy even with the refrigerators, which they have been able to se-

cure in the East, in holding them up to carry loads to the Coast, refusing positively to send them forward empty.

"This most emphatically will have to be stopped," said one of the most prominent independent shippers of Southern California last night. "The only way in which the present situation can possibly be saved, is for the full-load practice on west-bound refrigerator cars to be abolished, for the time at least, and while trains of empties be made up and rushed to our relief. We are real sufferers, which the relief of the sufferers in San Francisco. Rufin stares us in the face if this is not done."

There is not the slightest doubt in my mind," said a well-known shipper yesterday, "but Armour has caught Harriman right where the hair is short, and is putting the screws to him in great shape. But it is likely to go badly with Southern California fruit interests unless a compromise is effected."

UNPRECEDENTED.

"There never has been a scarcity of Armour cars in the past, at least nothing like the present famine. There is no good excuse for the situation today other than for the explanation given of a bitter war on between Armour and Harriman."

"Harriman got tired of seeing Armour absorb the huge profits arising from the shipment of fruit in leased cars. He decided to enjoy that profit himself. But the trouble is that he announced his intention too soon."

"When Mr. Armour, who is no spring chicken, learned of the intention of Mr. Harriman to buy out the cars of his private line, as soon as the Harriman system could be supplied with its own refrigerator cars, he made up his mind to take a hand in the boycotting business himself. To all appearances he has gotten remarkably busy on short notice."

"Now, Mr. Harriman and Mr. Armour may enjoy matching wits and crossing swords in this sort of a duel, but I tell you it is likely to be an almighty disastrous thing for the fruit interests of California unless things are straightened out very soon."

"I have heard the report that Armour is simply showing Harriman what lies in his power to do, with the end of coercing the Southern Pacific magnate either to back down from the independent stand and force him to make a long-time contract for the leasing of Armour cars, or else compel him to buy the entire Armour car line, with the exception of those cars which are used in the meat-carrying trade. These cars, I have no doubt, Mr. Armour will retain for his own use."

"Now the question is, are these two men to go to the bitter end, or are they going to fight it out to a finish over the rotting oranges and blighted prospects of the fruit raisers of California? That is the thing which interests me in the place where I live."

In my mind, the transportation situation for the fruit interests of Southern California has never been as desperate as it is today.

BOX SHOOKS SCARCE.

But it is not in the scarcity of refrigerator cars alone that the fruit situation is imperiled. There is a scarcity of pine shooks with which to make boxes for oranges and lemons. Con-

BIGGEST DAY OF MAIL JAM.

Gifts by Post Rushed Out in Record Volume.

Tremendous Christmas Pack Totaled by Uncle Sam.

Worst to Come With Turning of Tide This Way.

Like an avalanche of snow down a mountain side descended the holiday crush of out-bound mail yesterday on the Los Angeles postoffice. It was expected, and preparations had been made to handle it, but Postmaster Flint thought at least a few of the cheerful givers might wait until today, or else turn to the express company.

There was nothing to it but a jam, a glut, a deluge—almost a blockade. It was the greatest day for mailing parcels and post cards and letters and money orders that the local postal service ever has seen.

Tons of packages went out in the registered mails that were whisked from the main and branch postoffices to the railroad stations and then whizzed away for the East on speedy trains.

Never before in local history has there been such a rush to get packages into the mails, and this was only the beginning. What it will be today and tomorrow, no one dares hazard a guess.

CAPT. LOUIE CHAPPELEAR.

CHAPPELEAR A CAPTAIN.

Former Los Angeles Militia Officer Goes Up in the Regular Army, Coast Artillery.

Louis Chappelaar, who is well remembered in Los Angeles, has just received his commission as a captain of the Coast Artillery, regular army.

Features of the tremendous holiday jam at the postoffice, fairly swamped with outgoing Christmas parcels. Above, a small corner of the mailing room; below, the siege of one of the registry windows.

In a letter to his father in this city, Capt. Chappelaar states that he has been assigned to the Ninety-first Artillery company, which is stationed at Jackson Barracks, New Orleans. This is one of the best posts in the army. Chappelaar at first expected to be stationed at Key West.

Inasmuch as he comes from Los Angeles, it is a satisfaction to know that Capt. Chappelaar is an excellent soldier, a thorough officer and a good fellow. He used to be captain of Co. F, Seventh Regiment, N.G.C., and while in the National Guard ever saw. He went to San Francisco with the Ninety-first, in 1898, acting as regimental commissary.

When the Filipino insurrection began in good earnest, he got a commission as a lieutenant in the Twenty-fifth United States Volunteers and saw plenty of good hard service in the Philippines.

After the rebellion was put down, Chappelaar served for a time in the Philippine constabulary, which was at that time vivid and picturesque soldiering.

At the time of the big army shake-up, Chappelaar applied for a commission and got it. He was assigned to the Coast Artillery.

Since returning to the States, Chappelaar has served at many different artillery posts, and took a stiff course at the artillery school at Fort Monroe.

TOO LATE, TOO LATE.

Under ordinary conditions registered packages for New York and other points on the Atlantic seaboard reach their destination in four or five days from Los Angeles. The safeguards thrown about such matter cause it to move a little more slowly than letters.

But with every mail car packed to the ventilators, with blockades at the principal transfer points, and with every facility taxed beyond its limit, there are delays in handling the registered holiday packages that brook disappointment to the eager watchers in the East for Christmas boxes from this Coast.

WOMEN'S CLUBS.

The part that women's clubs will play in the educational work now on in Los Angeles will be found in the Home and School section to meet tomorrow morning at 9:30 in room 47, Polytechnic High School. It will be under the direction of the committee of both the Los Angeles District O.F.W.C. and of the Women's Parliament. In addition Mrs. Barnum, who is chairman of the educational committee of both the Los Angeles District O.F.W.C. and of the Women's Parliament. In addition Mrs. Barnum, who is chairman of the educational committee of both the Los Angeles District O.F.W.C. and of the Women's Parliament.

Dr. Curberty of Stanford, who made his first appearance in the city yesterday before the county teachers, will give the opening address at the Home and School section, his subject to be "Cooperation." Miss Agnes Elliott will talk on "Moral Training for Citizenship," while Mrs. Florence Porter, president-elect of the Los Angeles District O.F.W.C., will present a vital subject, "Between Home and School." Mrs. Eliza Wilkes will give an address on the general topic of education.

Friday Morning.

Miss Blanche Lavie, formerly instructor in French at the Los Angeles High School, will be here for the holidays, and is to appear before the Friday Morning Club this week. French that America has an incorrect idea of the best in French literature. Miss Lavie presents the pastoral side of it, and will tell charming stories of the quiet and more scholarly authors which the French people know so well themselves.

Books and Conversation.

The Department of Books and Conversation of the Ebell Club held a delightful meeting under the direction of Mrs. Sumner Hunt and Mrs. Stephen P. Wilder. Seventy women were present. The books reviewed were Robert Hicken's "The Woman With a Fan," and Elizabeth Robins' "The Magnetic North," discussed in relation to the theme of the evening, "The Ego, what is it, what is its struggle with environment and its development."

Mrs. A. B. Brown gave a concise and masterly review of "The Woman With a Fan," bringing out the ethical and psychological questions that lie beneath the story, and developing much interesting discussion from the floor. A sketch of the "Magnetic North" was given with the question of the ego in mind, and Miss Wilkes of the Cumcock School rendered a delightful reading of the "Land of Heart's Desire." Mrs. T. T. Kallert of the Hospitality Committee was a charming hostess at the luncheon which followed in the tea room.

Ebell Vacation.

Monday's beautiful anniversary celebration of Beethoven's birthday given by the music section of Ebell under the direction of the curator, Mrs. Katherine K. Forest, and in charge of Mrs. J. H. Martindale was the last regular meeting of the club this year. Sessions will be resumed January 7, when the work of the new year will be begun. On Friday of next week the annual children's party will be given, the children of the club to bring their offerings for the little folks of several philanthropic organizations.

BOYS' CLUBHOUSE.

Plans of Judge Wilbur's Sunday-school Class to Be Furthered by a Candy Sale.

There are many miles of territory between a certain candy shop to be opened today in Los Angeles, at No. 429 South Hill street, and a remote canyon at the forks of the San Gabriel River, where a most interesting boys' clubhouse is nearing completion; but the two are closely connected.

The money which comes from the sale of the candy at the shop will furnish the clubhouse in the canyon, and the boys of Judge Curtis D. Wilbur's Sunday-school class at the First Congregational church are the promoters of the whole scheme. They are sixty strong, from 15 to 19 years of age, and they are so full of enthusiasm for the good that the club on the mountain side is to do them and others as fortunate than themselves, that it will be dangerous to approach the vicinity of the candy shop unless one goes to part with coin of the realm.

Value received will be given, however, and Bishop's candles will be sold over the counters by bright-faced lads and pretty young girls, who have agreed to help them, day and night, from now until Santa Claus goes around on Christmas eve.

The ancient law of tithe will hold good over the receipts, for a tenth of the net gain of this sweet shop will go to make Christmas for two hundred Whittier cadets. Bishop the candy man has done his part by placing in Judge Wilbur's hands (not literally, but just as good) one hundred pounds of the very best candy, to be given where boys or girls would otherwise go without.

The clubhouse stands on twenty acres of land in a fine hunting and fishing preserve. The structure is a story and a half, all in two big rooms, except the kitchen, which is separated below from the main room. Eighteen by thirty-two feet makes a fine space, and one great virtue about the manner of building is that the flat stones are placed between the outer and inner framework of the walls, thus making the house cool in summer and warm in winter. The plans were made by one of the boys in the class, Cross, who is studying in an architect's office.

TRIO OF UNUSUAL EXHIBITS.

The Chamber of Commerce has just received three new exhibits that are unusual even in that place of vegetable and fruit marvels. Hugh Rule of Anaheim, has sent in four sweet potatoes that total in weight, thirty-four pounds. They are, almost round, and as large as a boy's head. Johnson & Musser have placed on exhibition winter melons, the first successfully raised from seed in California, and of a new type. They are green and dark yellow, like an overgrown cucumber, dipped in orange paint, and have an almost solid meat, the hollow interior space being only a thin shell or so in diameter. The meat is very firm and solid, but at the same time juicy. It does not resemble the Casaba as most of the attempts at winter melons have done. The third curiosity is a fine branch of the evergreen white pine, recently grown by Mrs. W. D. Gard at her home at No. 1907 East Second street. The fruit is as large as the ordinary strawberry, and a pale flesh in color.

PROGRESS

Six months ago we opened our splendid shoe store at

451 SOUTH BROADWAY

We felt that by the addition of this new and spacious establishment, we had for some time at least solved the problem of properly handling the phenomenally growing business of our SPRING STREET store. Our Broadway store has already an established trade of large proportions; it has grown steadily since the store's inception, but has not relieved our congestion at the old store. Therefore we are forced to double our area at the old location, besides the addition of the Broadway store.

OURS IS NOW THE LARGEST SHOE STOCK IN CALIFORNIA; OUR BIG AND CONSTANTLY GROWING OUTPUT ENABLES US TO BUY TO GREAT ADVANTAGE; WE ARE THE SOLE LOCAL AGENTS FOR THE FOUR LEADING SHOE MANUFACTURERS OF THE WORLD; OUR BUSINESS IS ORGANIZED ON THE MOST ECONOMICAL LINES; OUR SERVICE IS THE BEST TO BE HAD; OUR POLICY IS THE FAIREST AND MOST LIBERAL; OUR PRICES ARE POSITIVELY AND ALWAYS THE LOWEST.

Our assortment of footwear for young folks is unsurpassed. Every shoe is bought in perfect keeping with the needs of growing feet. Qualities are most dependable. Prices reasonable.

NEXT MONTH WE ENLARGE OUR SPRING STREET STORE TO DOUBLE ITS PRESENT SIZE. THIS MOVE WILL THE BETTER ENABLE US TO DISPLAY OUR SPLENDID VALUES, ACCOMMODATE OUR PATRONS AND IMPROVE OUR SERVICE.

Miss McCalla to Be Congratulated.
That Miss Stella McCalla, the attractive young daughter of Rear-Admiral and Mrs. Bowman H. McCalla, has been recently receiving congratulations upon her engagement to Frank Stagg, of London, Eng., is interesting to her Los Angeles friends.

The affair being especially in honor of the fact that the bride-to-be is a native of this city.

Last year Miss McCalla visited her sister, Mrs. W. G. Miller, in Paris, and it was there that she first met Mr. Stagg, who is an author and dramatist of prominence on the other side of the water.

At date has as yet been set for the wedding, but doubtless it will take place sometime within the coming winter, and numerous friends of Miss McCalla here will be much interested in the news.

Miss Caswell to Entertain.
Miss Georgia Caswell of No. 431 West Twenty-third street will entertain this evening with a handsome dinner in compliment to Miss Mary Lee, who is to be married to Thomas R. Lee, of Los Angeles, on Wednesday.

Tomorrow evening Miss Caswell will be hostess at a dinner in compliment to Miss Louise McFarland, whose engagement to Leo Chandler has been announced, and who is to be a February bride.

Mrs. Curtis is Entertained.
Mrs. Cliff R. Curtis of Portland, Or., arrived a few days ago to be the guest of her daughter, Mrs. Walter P. Story of Hotel Hayward. Mrs. Curtis is a most charming woman, and in her honor numerous pleasant affairs are being given and planned.

Last evening Mr. and Mrs. Richard V. Day, Jr., of St. James Park entertained with a handsome dinner in honor of Mr. and Mrs. Story and for Mrs. Curtis, the affair being especially in honor of Mrs. Story, whose birthday it was.

On Monday evening Mr. and Mrs. Day gave a box party at the Orpheum followed by a supper at Levy's for Mrs. Curtis. Guests at the affair were: Mr. and Mrs. Richard V. Day, Jr., and Mrs. Sydney Barrin, Mrs. Curtis, Miss Katherine Day, Miss Gretchen Day, Roy D. Bronson, Capt. A. J. Coy, Jr., C. R. Reid, Taylor Harrison and Paul Quick.

Mrs. Arbuckle of Hotel Lankersheim gave a splendid party and luncheon recently for Mrs. Curtis, and this evening Mr. and Mrs. Story will entertain about sixteen friends with a charming party in her honor.

"Mother" Ransom is Ninety-one.
Yesterday a snowy-haired lady, who is cherished in the hearts of a thousand friends, celebrated her ninety-first birthday anniversary. She is "Mother" Ransom, one of the few brave women who still live, and one of the oldest.

It was a real birthday party of delightful white-haired men and women, and other friends, who gathered in the reception room of the First Methodist Episcopal church in the afternoon, with Rev. Robert McIntyre, the pastor, there to do honor to this cherished woman of the church. The rooms were trimmed with soft aquamarine, ferns and reds. Beneath a niche of soft greenery sat the sweet guest of honor, upon a chair wreathed with fragrant California flowers. An interesting and touching program was given, of which Mrs. Birdall was the chairman.

She made an introductory speech, and Dr. McIntyre offered a beautiful prayer, in which he thanked God for preserving to their church this noble woman for so long. Then Mr. and Mrs. Baker, the blind gospel singers, sang "The City of Gold," and Dr. Birdbeck told many interesting incidents of the goodness of the help "Mother" Ransom had been to him. Twenty years ago she was the assistant superintendent of the Methodist Episcopal Sunday-school, and assisted in that work until she grew too feeble to continue.

Giving insight into the life of this wonderful woman was a short biographical sketch by Miss Freeman. This told of the birth of "Mother" Ransom, December 18, 1815, at Snow Hill, Md., and of her marriage to Stillman Ransom in 1837. The years of her married life were spent in Milan, Ind., and after the loss of her husband she made her home at Moore's Hill, and from there went out as an army nurse. She was assigned to duty

calls them, went down to death. At this time "Mother" Ransom lost everything, her commission, and landed with but 15 cents in her pocket. Aside from her work as an army nurse this dear soul has established five rescue homes in different large cities beside the Ransom Home here, named after and established by "Mother" Ransom. She also was the first to inaugurate the work among the Chinese here, and there are ever so many more good things that this good woman has accomplished and helped with during this long span of life granted her.

At Minister's Home.
On Monday evening at a quiet ceremony, Miss Emma Langenhagen of Iowa became the bride of Dr. George W. Pape, with Rev. Howe officiating, and the ceremony taking place at his home, No. 1239 Shatto street. The bride was formerly manager of the Blind Inn, and the groom is the medical superintendent of the Arrowhead Hot Springs. Friends who witnessed the ceremony were Mrs. E. J. Robertson of Sacramento, Dr. W. Edwards, and D. W. Edwards, Jr. The happy couple, after a honeymoon, will make their home at Blind Inn.

FROM MANY LANDS.
Work of One of Fifty Registration Deputies Shows Citizenship Cosmopolitan in Character.

An indication of the cosmopolitan character of Los Angeles is presented in the results of the work done by one of the fifty deputies appointed by County Clerk E. E. Keyes to register the voters of this country. Charles L. Looker, appointed last March, who had his registration table in Justice Young's court, registered voters from twenty-five different countries, including separate lists from the following: Austria, Prussia, Denmark, British North America, Canada, France, Germany, Holland, Denmark, Norway, Sweden, Switzerland, Italy, Bavaria, Nicaragua and Great Britain. One registration was of a man of the high seas, of American parents, and a citizen of the United States by birth.

Other States which have contributed to the population of Los Angeles, based on Mr. Looker's results, in the order named, are Ohio, New York, Indiana, Illinois, Massachusetts, Iowa, Michigan, New Hampshire, Pennsylvania, New Jersey, Wisconsin, Kentucky, Texas, Missouri, Tennessee, Alabama, Maryland, Delaware, Nevada, Washington, Oregon, North Carolina, South Carolina, Montana, Idaho, Colorado, Arkansas, Utah, Nevada, Arizona, Rhode Island and Minnesota.

From Georgia came the greatest part of the colored population of the city, nearly 90 per cent. The proportion of native Californians in the county showed less than 10 per cent. Besides the nationalities registered by Mr. Looker there are several others represented among the registered voters of the city. A number of native born Chinamen are among them. There are Greeks, Armenians, and men from other Asiatic and European countries, besides many from the republics of South America.

GREAT GIRDER A DISTURBER.
Piece of Frame of New Hamburger Structure Crashes Into Building Near by.

Interrupted in his labor of grinding pearls by having his laboratory ripped open by a huge iron girder, Dr. Toyoke, of No. 828 South Broadway, is in a quandary. The iron frame of a "Hamburger" new store is being reared on the adjoining property, and at 5:30 yesterday afternoon one of the girders fell against the two-story frame building, in which the Japanese physician mixes weird things for the cure of all ills that flesh is heir to. The falling girder struck the sill of the second-story window, but did not stop there. Ripping down through the wall, it crashed into the laboratory underneath, where Dr. Toyoke had been busy for a week grinding a mixture of pulverized seed pearls covered with a costly medicine. Dr. Toyoke left the room, he said, as he fled, the result of his weary labors mingled with the general wreck.

Dr. Toyoke declares that to have such things tear into one's house is not good for one's business. The injured building is the property of M. Kalisher & Co.

PROMINENT GERMAN'S DEATH.
John Woelke Passes Away Suddenly from Hemorrhage While Inspecting New House.

John G. Woelke, who died Monday morning, was one of the most prominent Germans in this city. Funeral services will be held at his late home, No. 1921 Barnard park, but the time has not yet been decided upon.

Deceased, who was 68 years old, is survived by a widow, three sons, John, Charles and Fred Woelke of this city; two daughters, Mrs. Minnie Huck and Mrs. Pauline Moller, both of Los Angeles; two sisters, Mrs. Gus Hansen of Anaheim and Mrs. Hauptmann, and a brother.

Death came to Mr. Woelke very suddenly. He was inspecting a house which he was having built at No. 1906 Avenue Three when he was seized with a hemorrhage and died in five minutes.

Deceased was a large property holder, among his possessions being the Argyle, corner of Second and Olive streets.

CHRISTMAS SHOPPER ROBBED.
Thief Snatches Watch, Rings, and Money from Purchaser in Coulter's Store.

While F. L. Crego of No. 2074 Broadway avenue, was shopping in Coulter's dry goods store Monday afternoon, a thief relieved him of his gold watch, two rings and \$14 in money. He reported the theft to the police.

C. J. Van Loven of No. 452 South Hill street, is also the victim of a thief who stole suit cases, clothes, an Iver Johnson revolver and jewelry.

A thief entered the room of J. C. McClure, No. 722 East Washington street Monday morning and secured \$18 in cash.

Aside from her work as an army nurse this dear soul has established five rescue homes in different large cities beside the Ransom Home here, named after and established by "Mother" Ransom. She also was the first to inaugurate the work among the Chinese here, and there are ever so many more good things that this good woman has accomplished and helped with during this long span of life granted her.

At Minister's Home.
On Monday evening at a quiet ceremony, Miss Emma Langenhagen of Iowa became the bride of Dr. George W. Pape, with Rev. Howe officiating, and the ceremony taking place at his home, No. 1239 Shatto street. The bride was formerly manager of the Blind Inn, and the groom is the medical superintendent of the Arrowhead Hot Springs. Friends who witnessed the ceremony were Mrs. E. J. Robertson of Sacramento, Dr. W. Edwards, and D. W. Edwards, Jr. The happy couple, after a honeymoon, will make their home at Blind Inn.

FROM MANY LANDS.
Work of One of Fifty Registration Deputies Shows Citizenship Cosmopolitan in Character.

An indication of the cosmopolitan character of Los Angeles is presented in the results of the work done by one of the fifty deputies appointed by County Clerk E. E. Keyes to register the voters of this country. Charles L. Looker, appointed last March, who had his registration table in Justice Young's court, registered voters from twenty-five different countries, including separate lists from the following: Austria, Prussia, Denmark, British North America, Canada, France, Germany, Holland, Denmark, Norway, Sweden, Switzerland, Italy, Bavaria, Nicaragua and Great Britain. One registration was of a man of the high seas, of American parents, and a citizen of the United States by birth.

Other States which have contributed to the population of Los Angeles, based on Mr. Looker's results, in the order named, are Ohio, New York, Indiana, Illinois, Massachusetts, Iowa, Michigan, New Hampshire, Pennsylvania, New Jersey, Wisconsin, Kentucky, Texas, Missouri, Tennessee, Alabama, Maryland, Delaware, Nevada, Washington, Oregon, North Carolina, South Carolina, Montana, Idaho, Colorado, Arkansas, Utah, Nevada, Arizona, Rhode Island and Minnesota.

LOOTS HOUSES, LEAVES TRACKS.

"BAREFOOT BURGLAR" PAYS HIS RESPECTS TO PASADENA.

Leaves "Traces," but Little Cash With His "Hosts"—Contract for Electric Power-house Awarded. Proper Paving of Streets Favored. Arrangements for Tournament.

PASADENA, Dec. 12.—The "barefoot burglar" who has been causing the Los Angeles police as much trouble as he has apparently transferred the scene of his activities to Pasadena. Last night three houses in this city were entered and the method of operation leads the officers to believe that the jobs were done by the much-wanted Los Angeles crook.

Tracks in the grounds of the places entered showed that the marauder was barefooted, or at least did not wear shoes. Patrolman Reynolds has been working on the case in the hope of getting onto the track of the man, but so far he has found only "barefoot" tracks. The occupants of one of the houses entered tried to call up the police, in which case the man might have been apprehended, but the telephone refused to work.

At the home of Dr. Dillworth on South El Molino avenue, the man secured \$10 in cash. He gained entrance through a bathroom window. So clever was the man in his work that he ransacked a room where the occupants were sleeping without giving any warning of his presence.

The home of Mrs. Cornelia Reheeman on South Catalina avenue was apparently the next place entered. Here the man secured but little booty, as the barking of a dog awakened Mrs. Reheeman's son. The young man jumped out of bed and gave chase, but the burglar eluded him in the darkness.

Twenty dollars was secured in the house of O. T. Dill at No. 156 South El Molino avenue. Here entrance was gained through a parlor window and every room in the house was carefully searched.

COUNCIL MEETING.
At the council meeting yesterday the contract for the erection of the corrugated iron building to house the municipal lighting plant was let and several bills of new legislation started on their way.

When bids for the construction of the electric power-house were opened it was found that seven had been submitted. The figures given ranged from \$1745 to \$2241. The successful bidder is the firm of Ellsworth & Co., and on motion, the contract was awarded.

The motorcycle nuisance was brought up again and the city attorney was directed to draw up an ordinance making it a misdemeanor, punishable by a fine of not to exceed \$5, to ride a motorcycle through the streets of Pasadena with the muffler cut out.

The noise made by the motorcycle has been the cause of much complaint and the ordinance will be more than welcome.

Property-owners on North Fair Oaks avenue between Fair and Washington streets presented a petition asking that their street be severed and paved with asphalt. The matter was referred to the committee on streets and alleys.

The proposition to pave the northern part of Fair Oaks has been under discussion at different intervals for some time and there is a strong sentiment in favor of having the work done. As the petition submitted to the council contains more than the required number of signatures it is likely that something will be accomplished.

A petition was presented asking that cement sidewalks be laid on Green street between Raymond and Main avenues, except in such places as were already sidewalked. The petition was granted as it was signed by all of the property-holders on the street.

PROMINENT WOMAN INJURED.
Mrs. Lawrence Huriburt of South Orange Grove avenue met with a mishap Monday afternoon, which resulted in her being confined to her home for some time. She was knocked down by a large dog and, in addition to spraining one of her ankles, received a shock which caused her to faint. She is now under the care of a physician.

Mrs. Huriburt, who is somewhat deaf, was walking along Orange Grove avenue, when a large dog sprang out from behind a hedge. The animal struck her heavily on the back and threw her to the sidewalk. Partly from fright and partly owing to the effects of the fall she fainted and his trial was not for Friday morning.

MILK BOTTLES DIRTY.
Jesse Prince, a driver for the Raab Creamery Company, was arrested yesterday afternoon on a charge of selling impure milk. The particular offense with which Prince is charged is delivering milk in bottles that have not been properly cleaned. He pleaded not guilty and his trial was set for Friday morning.

In his defense Prince made the claim that his customers had been using their bottles as they ought and that, in consequence, it was impossible to keep them clean. He said that he had been bringing up the interesting point as to whether it is the duty of the vendor or the purchaser to see that bottles are properly washed.

There has been considerable complaint from time to time concerning the condition of the bottles in which milk is delivered. The Raab Company has made the claim, however, that its bottles were all washed by machinery and that it was therefore impossible for anyone to keep them dirty. The arrest of Prince would lead to the belief that the machine had not worked properly.

ARRANGEMENTS ARE COMPLETED.
The arrangements for the Tournament of Roses' sports are all but completed, and the official programme has been made up. The Executive Committee has had to work overtime of late in order to accomplish all of the work that piled up, but the worst part has been accomplished, and only the details remain to be worked out.

Arrangements for a rough-riding exhibition have been made, and the day after Christmas a party of cowboys will arrive from the southern part of the State with some wild horses. A number of "cutters" is included among the animals secured, and some very exciting times are expected when the men attempt to ride in from the crowd that will fill the grand stand on New Year's Day.

Several additional cups have been provided for the successful competitors, and every event will have some trophy or other to work for. In some of the events, cash prizes will be awarded, instead of cups, and keen competition is anticipated. Yesterday the officials of the association announced that they would give a cup for the best-pig-saw-cut, which the Gymkhana Club has

inaugurated, to be competed for by all of the members of the club.

HIGH ELK IN CITY.
District Deputy Exalted Grand Ruler James Fleming of the Elks was in Pasadena last night, and local Elks held high carnival in consequence. Several Los Angeles Elks of high rank were also present, and the visit of the ruler was made the occasion of great jubilation.

Later in the evening a buffet luncheon was served in the lodgerooms, and the evening was passed with merry-making and joking. The lodge is in a most prosperous condition, and the visit of the district head of the order was welcomed by the members.

CLUSTER POSTS CONNECTED.
Linenmen of the Edison Electric Company are at work connecting up the ornamental cluster lights in the downtown district. The lights are in a most prosperous condition, and the visit of the district head of the order was welcomed by the members.

SUNDAY-SCHOOL BANQUET.
The Sunday-school board of the First Methodist Church held their annual banquet in the social hall of the church Monday evening. Forty officers and teachers of the Sunday-school were present.

A bountiful supper was served from the Sunday-school kitchen, and the Rev. A. W. Lamport, pastor of the church, presided at the banquet. The report of Dr. J. Strothard White, the retiring secretary, showed a record of \$1,000 for the year.

At the business meeting which followed the banquet, the following officers were elected: Superintendent, I. H. Preston; assistant superintendents, Mrs. A. H. Johnson and Mrs. C. J. Benton; librarian, W. A. Benson; secretary, Ray Hatterson; assistant secretary, Guy Jackson; treasurer, J. H. Johnson; and clerk, J. H. Johnson.

MAJESTIC CARD PARTY.
Mrs. J. Dawson Thomson of South Orange Grove avenue was the hostess today of one of the largest matinee card parties of the year. Drawing room, reception hall and den were crowded with card tables, and five hundred was the game. The decorations were in the holiday season, Christmas berries, poinsettias and Christmas greenery being prominent.

Two wedding presents of interest to take place on Christmas day will be that of Miss Marie Mattison of No. 255 West California street to Dr. Edward H. McMillan, and that of Miss Gertrude Secher and John Westring. The former will be a quiet affair, while the latter will take place at the First Methodist Church.

The members of the Valley Hunt Club are to give a regatta ball on New Year's Eve.

Last evening Miss Adelaide Hall and her party were the guests of the Misses Evelyn Lutz, who received a handsome silver bonbonniere. Lunch followed the game, and was served in the dining room, which was elaborately decorated with red carnations and asparagus ferns.

REBUILDING OF HOTEL BIXBY.

EXPERT'S REPORT HAS NOT BEEN MADE PUBLIC.

Scheme to Bond Hostelry Stuck at Large Sum—Preparations Nearly Complete for Grand Rally of Foresters—Regular Steamer Between Long Beach and San Diego.

LONG BEACH, Dec. 12.—At a meeting of the directors of Hotel Bixby yesterday the report of Edward S. Cobb, consulting engineer, was received relative to the present condition of Hotel Bixby. Every column, beam and arch was examined and the report mentioned each and its condition very minutely.

The report, while not made public, is in the main favorable to the rebuilding of the hotel along lines that will permit of constant, careful inspection. Mr. Cobb suggested that where any beam or arch showed signs of weakness, it should be subjected to the severest tests known in engineering science before any further work was done, and special care must be taken to insure the safety of the building.

At the meeting of the stockholders for February 25 to vote upon a second issue of \$200,000 bonds, to run for ten years at 10 per cent interest, these bonds will contain a provision that \$200,000 of the unpaid capital stock of \$1,000,000 shall be held in escrow for three years under an option whereby the bond purchaser may exchange bonds at any time for stock at 50 cents on the dollar.

READY FOR FORESTERS.
Arrangements for the grand rally of Southern California Foresters to be held here December 21 were partially completed today by the committee on arrangements. J. H. Dean, R. G. Doyle and District Deputy Grand of Los Angeles. Details were settled for the construction of the barbecue pits on the beach, the initiation of a class of new candidates, concluding with a grand ball in the Auditorium at night.

The new passenger steamer City of Long Beach, which is to ply between Los Angeles and San Diego, making regular trips in conjunction with the boats of the North Pacific Transportation Company, will make its debut on December 22. Capt. Charles Bell will command the steamer, while W. H. Moody is chief engineer.

WILL MOVE HEADQUARTERS.
On January 8 the offices of the San Pedro Salt Company, now owned and operated by the Long Beach Salt Company, will be removed from Los Angeles to Long Beach.

At a meeting of the board of directors of the Young Women's Christian Association this morning the following officers were elected: President, Mrs. C. J. Walker; vice-president, Mrs. George H. Cooley; recording secretary, Mrs. C. L. Bixby; corresponding secretary, Mrs. J. J. Morgan; treasurer, Mrs. R. M. E. Williams.

CHRISTMAS CHECK.
The Chamber of Commerce was the recipient this morning of a check for \$100 sent by J. B. Thornton of this city with the request that it be used where it would do the greatest good. While out of the city, Mr. Thornton, Capt. Will Graves hooked a 24-pound Jewish fish. It was towed to the wharf and was on exhibition today.

READINGS AT CLAREMONT.
Kinney Prizes Won Last Evening by Miss Marjorie Maynard and Edward Marsh.

CLAREMONT, Dec. 12.—The annual readings for the Kinney prizes, often two years ago by Mrs. S. M. Kinney of Claremont, were held last evening in the Holmes Hall chapel.

Reading were sections on "The Future of the World," by Mrs. S. M. Kinney, "The Future of the World," by Mrs. S. M. Kinney, "The Future of the World," by Mrs. S. M. Kinney.

After a lengthy debate, when Trustee McKee urged the adoption of the report of Engineer O. K. Parker in his entirety, recommending a bond issue of \$50,000 for water improvements, the question was put to a vote. Trustees Moore and Williams voted against it and Trustee McKee, Scarborough and Holloway for, and the proposition was defeated, as it is necessary to carry by four votes. Hereafter Trustee Williams has been voting with the majority of the board.

The first prize was won by Miss Maynard, who was a senior at Claremont, a first-year student, won second prize. The judges were Dr. Alfred Richardson, Dr. Marion Culver and Mrs. C. C. Stearns.

WHITTIER NOTES.
WHITTIER, Dec. 12.—One of the saddest ceremonies was the funeral service for Tommy Bates, the little son of Mr. and Mrs. Charles E. Bates, this morning. The boy was loved by a wide circle of people, and the service, conducted by the members of the Christian Science Church, was largely attended. Six little white-robed girls bore the small casket from the saddest home.

A basketball game has been arranged between the Whittier High School team and one from El Monte, to play on the courts of the latter, December 22.

As the result of not understanding the inner working of a distillate burner at the Friends Church Sunday, Albert Marshburn, seventeen-year-old lad, is confined to his home with a badly-burned face and hands. It was in the basement of the church when the leaky burner caused a serious explosion.

INTERNATIONAL ENTERPRISE.
Articles of incorporation of the International Pacific Land Syndicate are being prepared. London and New York capitalists are interested and the purpose is the development of land in Lower California, including the Rosarito and Desano ranches, which comprise 100,000 acres.

FLINT WANTS WYOMING STONE.
Senator Flint and Representative McLaughlin want buff sandstone from Wyoming used in the exterior construction of the new Los Angeles building, and that stone will probably be used instead of red Arizona sandstone.

Wyoming stone will cost \$50,000 more than red stone, but it was selected on account of its looking best in the Los Angeles climate. The stone will be quarried while the granite foundation is being laid, and the structural steel work of the building is being put up.

FINANCIAL

An investment without hazard that will yield a return of about seven (7) for one or 700 per cent. is what he has to offer. This is almost staggeringly high, but it is the truth, and, furthermore, some of our most conservative Los Angeles bankers after thoroughly investigating, have invested in shares of this concern. Only limited amount of money is wanted in addition to what has already been paid in.
If you have a few "thousand" or only a few "hundred," better by all means look into this special offering, where your money is just as safe as in a first mortgage on real estate, yet where the returns will unquestionably be several hundred per cent.

No money will be spent in fancy display advertising; this brief mention is perhaps all you will see. The only information now is to come and see and thoroughly investigate afterwards, if you are content to invest much or little, as your bank account will permit. We have invested our own money in the making, and would take all the interest offering if we had the chance.
We thank you in advance for responding to this invitation, call on us and investigate, we are satisfied that what we have investigated you will find us for calling your attention to this surprising opportunity—deed, opportunities like this come but seldom in a life time. Very sincerely yours,

SAY DEAL IS NOT SQUARE.

MILK SELLERS COMPLAIN OF CITY ORDINANCE.

They Assert That When Inspector Takes Samples, He Should Leave Some of Fluid so That They Might Have It Analyzed for Themselves, as Basis of Defense.

Grocers who sell milk think they have a grievance against the City Board of Health. They claim that they are not given a "square deal"—a deal such as Uncle Sam gives in the provisions of the new pure food law—and they assert that they won't be satisfied until they get it.

The trouble has all come about through the activity of the city milk inspector in making tests of milk offered for sale in the various stores. The standard has been found below ordinance regulations in various cases, and it has cost the dealers considerable money for fines, as well as annoyance at having been published to the consuming world as persons whose goods wouldn't bear the test of the city chemist.

The Retail Grocers' Association has taken up the cudgels in behalf of the retailer. At first it sent to the Board of Health a communication in which it called attention to what it deemed an unfair method of securing samples, in that a portion of the milk taken so that he might also have an analysis made by some reputable chemist. It was asked that this be allowed.

The Board of Health gave the communication scant courtesy. It declared that it had perfect confidence in its inspectors, and was satisfied with their methods of procedure. It was supposed that the subject was a "closed incident," but the Retail Grocers' Association doesn't feel that way about it. The association has now sent another communication to the Board of Health, calling attention to the fact that the national pure food law requires that when samples are taken from a retail stock for test purposes, a similar quantity of the same goods shall be sealed and delivered to the proprietor of the place, so that he also may make such tests as he may desire, and thus have the basis for a defense, if proceedings are instituted against him.

The retail grocers declare that the city should make the same provisions, and that if this is done they will be satisfied. When milk samples are secured, they desire that half of the contents of the bottle be placed in another bottle, sealed by the City Inspector and delivered to the seller, so that the latter can have his own tests made while the official tests are being made. "If this is done," said Secretary Paulding, yesterday, when discussing the situation, "we will be satisfied, and if any member of our association is then proven to be selling milk that is below standard, we shall advise him to pay his fine and be more careful in the future."

City Chemist Miller says that in most of the cases which have gone into court on this subject the milk was below standard. The difficulty was not that the milk was deficient in butter fat, but that the bacteriological count has far exceeded the standard set by the city ordinances. He also says that while chemists with an ordinary equipment could with comparative ease determine the qualities of milk samples as to butter fat, there are very few who have the facilities for making the count as to the number of bacteria.

HOLD-UP BY BOYS.

Youth at Whittier School Tells Remarkable Story of Wholesaler.

William Prochaska, who is 14 years old, and sentenced to remain at the Whittier school until he reaches his majority, has confessed to the officials at the school to participating in a series of hold-ups. He charges Walter Morris, who is also 14 years old, with being his lieutenant in depredations on the highway. Morris was released on probation last Friday, but his chief was less fortunate.

Prochaska was arrested ten days ago for appropriating \$28 which he had collected for the Broadway Department Store, where he was employed. He said that he and young Morris determined to be kings of the highway, and with that end in view, bought two revolvers and boarded a train for Pomona. That night they held up several citizens at North Pomona. From one man they obtained \$2, from another some rings, a third a diamond watch, and a fourth a revolver and some small change.

The lads thought that they had done pretty well, and they obtained a room, where they rested for the remainder of the night. Later they returned to Los Angeles and then went to Pasadena. They sold the gold watch and disposed of their other plunder to men whom they met.

From Pasadena the boys went into the mountains and hid in a shack, in which they lived several days. Prochaska told the officers that the two revolvers and a pair of opera glasses were hidden in the shack. He gave a deputy sheriff to the place, but it was found that the place had been looted since the boys had abandoned it.

On the return trip the lad showed where he had hidden a revolver behind the Hotel Green.

Sheriff White has communicated with the Marshal of Pomona relative to the series of hold-ups described by the lad, but so far no report has been received.

McKINLEY IS NERVOUS.

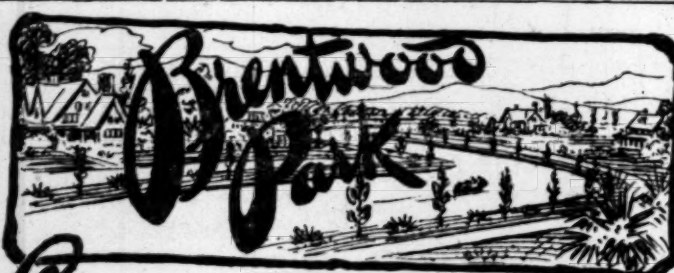

Alleged Assailant of Old William Reid Is Slowly Breaking Down Under Torments of "Swearing."

Detectives are convinced that William G. McKinley is the man who fired five shots at old William Reid, his uncle. There is scarcely a chance that Reid will recover. His age and his terrible wounds are against him, and he has shown remarkable vitality since he was so brutally assaulted in his cabin Friday night.

Under the "swearing" to which he is being subjected in his cell at the City Prison, McKinley is slowly breaking down. He stubbornly refuses to admit his guilt, but he has become a nervous wreck. He eats little and looks haggard.

Detective Grant Roberts, who is at work on the case, stated yesterday that there is no doubt of McKinley's guilt. He expects that the young man will confess today. He does not believe that the prisoner is insane. Mrs. Reid, the wife of the wounded octogenarian, declares that McKinley is not guilty. She is a hard-working woman, and is much worried by the notoriety which has been thrust upon her.

She has visited her husband several times. In spite of the fact that she has a suit pending against him for separate maintenance, she sends her readiness to do anything that she can for him.

Christmas Presents For All Los Angeles

New Goods Coming In Daily—Selections Largest and Best

Should we try to itemize all of the new holiday merchandise arrived in the past few days it would take many pages of newspaper. This is your busy shopping time and you are not paying much attention to reading details. Let us assure you that HAMBURGERS best serve you in the selections of any and all lines of merchandise which you wish to give for Christmas presents and at prices from fourth to a half lower than in other stores, as we buy direct from the manufacturer, save all middlemen's profits and can afford to undersell all competition. Remember, our two store axioms: "SAFEST PLACE TO TRADE," and "WHAT OTHERS ADVERTISE, WE SELL FOR LESS."
